## Why is it important to get started now?

### Be good to yourself.

We want to help you plan the retirement you've envisioned. Because you deserve to feel good about your future and confident in your plan to get there. The first step? Enroll in your retirement savings plan.

### How much retirement income is enough?

Although different for everyone, you'll likely need to replace at least 70% of your current income annually in retirement. After you enroll, you determine how much income you might need by using **myOrangeMoney**<sup>®</sup>, an interactive online experience, that will show you how your current retirement assets may translate into future potential monthly income in retirement so you know when you can retire.

The choices you make about your contributions and investments are up to you. And you can easily make changes anytime online, on the phone, or with the Voya Retire mobile app. Remember, you are always in control.

## Reasons to save today

- 1 Save automatically**  
Your contributions are automatically deducted from your paycheck, so it's simple to set a little aside each pay period.
- 2 Help lower your taxable income**  
Every dollar you contribute before taxes reduces your taxable income, which means you may pay less in income taxes today.
- 3 Invest your way**  
Would you prefer to make investment elections yourself or would you appreciate having some guidance? How much investment risk are you willing to tolerate? No matter what you decide, we offer investment solutions designed to fit your style.
- 4 Remember, your money is all yours**  
What you contribute and any related earnings are yours to take with you, even if you change jobs.
- 5 Put time on your side**  
Investing over a longer period of time in a tax-favored account allows you to take advantage of compounding, meaning any earnings on contributions go back into your account without being taxed and can generate its own earnings.
- 6 Employer Contributions**  
Take advantage and maximize your savings. Your company matches a portion of the contributions you make to the plan. For more details, please review Employer Contributions under Get to know your plan.

Remember, it's your retirement.  
Be generous.

# Get to know your plan

High Country Community Health, Inc.  
401(k) Plan

## Introduction

This section describes highlights of your employer's retirement plan. It represents a general overview of the information printed in your employer's Summary Plan Description (SPD). Your retirement program is more fully described in the formal provisions of your employer's plan document. If there is a conflict between these plan highlights and your SPD, the language provided in the plan document will govern.

## Eligibility Requirements

You are eligible to participate in the plan when you have 90 days of service.

## Enrollment Dates

Once you have met the eligibility requirements, you can join the plan monthly.

## Employee Contributions

You may contribute 0 - 100% of your annual pay, not to exceed \$19,500 annually. Annual limitations are set by the IRS and are subject to change. The tax laws may also let you contribute an additional amount over the regular annual limit if you are at least 50 years old. Check with your benefits manager to see if you can take advantage of the increased opportunity to 'catch up' and contribute even more to your employer's plan. If your adjusted gross income does not exceed certain limits, you may be eligible for a tax credit.

## Roth Contributions

Your plan permits Roth after-tax employee contributions. You may contribute a minimum of 1% and your total employee contributions (Roth after-tax and Traditional pre-tax deferrals combined) may not exceed \$19,500 annually (\$26,000 if you are at least age 50 and your plan has a catch-up feature). Annual limitations are set by the IRS and are subject to change.

## Employer Contributions

### *Profit Sharing*

Your employer has established a Profit Sharing plan. A Profit Sharing plan is a tax-qualified retirement plan in which your employer makes contributions on your behalf. The amount of the contribution is determined by an allocation formula that is generally based on participant earnings, while annual contributions are generally based on the company's profits. Contributions may be modified during times of business hardship.

### *Employer Match*

Your employer may match a portion of the contributions you make to the plan.

### *Employer Safe Harbor*

Your employer has elected to match 100% of your contributions up to the first 3% of pay, and 50% of your contributions on the next 2% of pay. Safe Harbor contributions are 100% vested.

## Vesting

You will always be 100% vested in the portion of your account attributable to your Employee contributions. You are also 100% vested upon your death, normal retirement, or disability. Your employer contributions are subject to the following vesting schedule:

### *Employer Match Contributions*

You have an immediate non-forfeitable right to your employer contributions made to your account.

### *Profit Sharing Contributions*

You have an immediate non-forfeitable right to your employer contributions made to your account.

## Rollovers

Money from other qualified plans such as 401(k) plans is accepted.

## Investment Transfers

Using Voya's automated telephone or Internet service, you have the ability to review your accounts and transfer funds from one investment option to another, 24-hours a day.

### **Hardship Withdrawals**

Hardship withdrawal may be taken in case of extreme hardship as defined by the IRS when no other sources are available.

### **In-Service Withdrawals**

In-service withdrawals are permitted by your plan. If your Plan allows for distributions prior to age 59 1/2, these distributions will be subject to an early distribution penalty of 10% additional tax unless certain exceptions apply. This tax applies to the amount received that you must include in income. Generally, there are restrictions on what dollars are available for in-service distribution. See your Summary Plan Description for more detail.

### **Distribution & Withdrawals**

Funds are available at retirement, death, disability, or termination of service.

### **Loan Provision**

You may take a loan from vested amounts in your account. The amount the Plan may loan to you is limited by rules under the Internal Revenue Code. Any new loans, when added to the outstanding balance of all other loans from the Plan, will be limited to the lesser of: a) \$50,000 reduced by the excess, if any, of your highest outstanding balance of loans from the Plan during the one-year period ending on the day before the date of the new loan over your current outstanding balance of loans as of the date of the new loan; or b) 1/2 of your vested interest in the Plan. The amount the Plan may loan to you can also be limited by Plan rules such as which Employee and Employer Contributions are available for loan use, the number of loans that can be outstanding at any one time or how often you may request a loan. For specific details please refer to your Summary Plan Description (SPD). When thinking about taking a loan from your plan, keep in mind that when money is withdrawn from a retirement savings account, it reduces the power of tax-deferred compounding.

### **Participant Account Statements**

Your investment statements are provided quarterly.

Now that you've envisioned your future retirement take the necessary steps today.

Your retirement plan investments are long-term investments designed for retirement purposes. If withdrawals are taken prior to age 59½, an IRS 10% premature distribution penalty tax may apply. Withdrawals will be taxed as ordinary income in the year the money is distributed. Account values fluctuate with market conditions, and when surrendered, the principal may be worth more or less than its original amount invested.
